Don't Suffer with
Pain—take

KEF

A clean and safe
remedy for head-
ache and neuralgia.

It Never Fails

Price, 10c, 25c, and 50c
Per Bottle

Own a Cozy Little Home

In the suburbs—away from the crowded city—
where it is high, healthy, and beautiful

BY A LOT AT BERWYN HEIGHTS

Thousands are flocking to the suburbs, why don't you? BERWYN
HEIGHTS is a most attractive place—15 minutes from the heart of
Washington; accessible by one electric line, another coming, and the
main line of the B. and O. R. R.

Lots are high, healthy and beautiful, commanding a panoramic
view of Washington.

Lots contain nearly a quarter of an acre; the price is \$250 per lot,
all cash or on monthly installments and including \$100 worth of the
capital stock of the corporation, full paid and non-assessable.

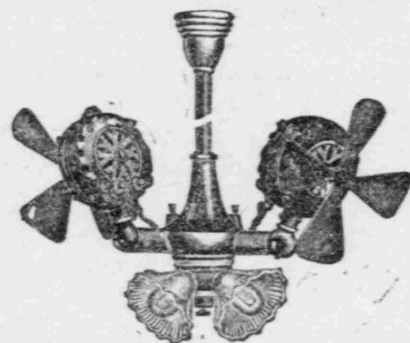

FRANK E. PLUMMER, General Manager
THE NATIONAL BUSINESS EXCHANGE

Something New in Electric Fans

"The Gyrofan"

John C. Rau
525 12th Street N.W.

As shown in this
center illustration, the
Gyrofan is really two
electric fans on one
silently revolving fix-
ture, each fan rotating
at high speed. Thus
the air is disturbed in
every direction,
throughout a very
broad area, at each
half revolution—about
twenty times a minute
at any given point.
Compared to other
types, one Gyrofan
maintains cooler and
purer atmosphere than
quite a number of or-
dinary ceiling fans.

Consult me before you place your
fan order. All kinds, all prices.

Adaptability

Handsome in design
and finish, it is com-
mended for Banks, Of-
fices, Hotels, Resi-
dences, Stores, Clubs,
Cafes, etc. Especially
desirable where loose
papers are lying about,
its strong current is
so directed and of
such influence that it
does not disturb them.
All other types do. It
does not create steady,
unhealthy drafts, as
does the ceiling pad-
dle fan or stationary
buzz fan.
